Now is the time to sow oats. Don't think that because you failed this year, It is no use, but \*sow outs, and sow eaough to feed your stock and have some to sell. It is seldom that we have two successive failures of this crop.

Neat and substantial dwellings are springing up, while the stores in course of erection and in contemplation, would be an honor to a much larger place. The people expect great things of Woodruff, and we trust they may not be disappointed.

Lawyers vs. Doctors.

A negro debating society in this Connty has been greatly intersed recently, over the question as to which does more for mankind, lawyers or doctors. One "cullerd brudder," in a lengthy speech, contended for the lawyer. Said e, "When you git behind de iron bars in the jail-house, de doctor do you no good." Shortly after this the old fellow was taken with cramp-colie and a doctor was called in, who reminded him his speech. Bones concluded that his arguments would not stand the test, and promised to stand by the doctor if he ever got well.

We have just one suggestion to make pecting a heavy trade this Fall--the henviest she has ever known. A great many goods will have to be hauled from the new depot and a great deal of cotton will be hauled up that steep hill near the depot. We do not see how any money could be better invested than to place, say a dozen hands, at work and grade off the top of this hill. In one week a wonderful change could be wrought and we would have a road to the dopoi that would be comparatively level. We throw out this suggestion so that our "city fathers" may examine the place with this view, and we feel sure that when they see how easily it can be done, mainly at the growing use of Gerthey will take the step at once. Now is the time.

The Laurensville Female College will be re-opened on Monday, the 14th inst. We are pleased to inform the citizens of our County, that the College offers better inducements than for several years past. Competent teachers are in charge and every department is thoroughly organized. The boarding department is well arranged. The charges for both tuition and board are reasonable. We heartily commend the College to our friends and the public, as worthy of their patronage and support.
